Done

▼ As a homebuyer, I want to see pictures of the property, so that I know what it looks like.

▼ acceptance criteria:

- can see property images at the top of the page
- can press the arrows keys to navigate to the next/previous image
- I can see an indication of where I am in the list of images (ie. 2/13)

▼ As a homebuyer, I want to see the information of a property, so that I know whether it matches what I need

▼ acceptance criteria

- I can see
 - location (address)
 - size (sq ft)
 - # of bathrooms
 - # of bedrooms
 - maintenance cost
 - date listed

▼ As a homebuyer, I want to have a home button, so that I can navigate back to the home page.

▼ acceptance criteria:

- button takes user back to the home page
- home page will just show all listings

▼ As a homebuyer, I want to have a profile button, so that I can perform auth functions, and see which account I'm logged in as.

▼ acceptance criteria:

- Profile 'button' will just show an icon with an image
- on Profile click, alert "No finished yet"

▼ As a homebuyer, I want to see a list of available properties, so that I can find properties that I like.

▼ acceptance criteria:

- see list of cards on homepage
- clicking a card takes me to property details page

▼ As a homebuyer, I want to filter the list of available properties, so that I can find properties that match my needs.

▼ acceptance criteria:

Not Doing

▼ As a homebuyer, I want to have a search field, so that I can search for listings.

▼ acceptance criteria:

- search field will fuzzy search by address

▼ As a homebuyer, I want to see previous prices of the home I'm looking at, so that I know whether this home is overpriced or a good deal.

▼ acceptance criteria:

- I can see price, date, and time on the market
- I can see all the previous prices we have on record
- Prices are listed in chronological order

▼ As a homebuyer, I want to be able to generate a link to this property, so that I can share this information with my peers.

▼ acceptance criteria:

- I can click the button and it will generate a link
- I can click the button, and it will automatically copy it to my clipboard

- I can click the button, and I can see the link that was generated
- ▼ As a homebuyer, I want to see similar homes on the bottom of the page, so that I can navigate to other properties around the same area/price.
- ▼ acceptance criteria:
- I can see a list of 3 properties on the bottom of the screen.
 - I can click these properties, and I will get redirected to the property page.
